## ERIC CLAPTON - RACIST, ILLUMINATI JEW

Eric Clapton was always a sellout to the Illuminati. Eric Clapton built his career recycling Bob Marley so British youth don't go out and find the original. That is what the Illuminati wanted him to do and that's what Clapton has done. Clapton HATES BLACK PEOPLE. HATES WOGS as he calls them. Clapton is a white supracist. He gave a horribly racist speech twice at a concert in 1976. Here's what Clapton said at the concert. BTW even though he was drunk, he has never apologized for one thing he said during that racist rant. He's been asked to apologize and refused to.

Clapton's racist rant was so extreme - and ironic coming from someone who made their career recycling black music - that it spawned a whole movement in 1978 England called Rock against Racism.

Everyone in England from all parts come together to take a stand against racism and fascism.
