THE OTO MURDERED MARVIN GAYE AND HIS UNBORN SON

Marvin Gaye's shooting was a murder by the Illuminati. Gaye knew that the illuminati were planning to kill him. Gaye had publically talked about his life being at risk. He was wearing a bullet proof vest on during his concerts. His body guard was mysteriously hung on his last tour. Gaye new he was a marked man. The Illuminati wanted to kill him just like Sam Cooke because he was a sensitive black man that whie women thought extremely sexy.

At the time they murdered Marvin in 1984, he was married to a white woman who was pregnant. The illuminati murdered his child as well as Marvin. They made his wife get an abortion. The story the Illuminati created later about his father was pure fabrication. It was always a fake coverup by the Illuminati of a murder they committeted. Gaye was a sexy sweet black man who sang about "sexual healing" - at the time the Japs considered him Public Enemy Number 1. Marvin represented their worst fears of racial integration - a cool, sensitive, soulful black man who was very attractive to white women (and all women really).
